

To the membership of Local 3315:

Thank you for your thoughtful consideration and participation in this election. I ask for your vote so that I can continue to represent our shared values to management and to the community at large. I became a steward in 2016 because I was witness to the work our Union was doing protecting attorneys against trumped up discipline. I volunteered to be a "Covid Captain" when I saw that in a time of confusion and fear, our Union stepped up when the county would not and worked to make our jobs as safe as possible. Last year I took up the work of Local 3315's People's Chair because I was inspired by the activism of our members, and I believe that we can offer more to the direction of AFSCME than just a part of our paychecks. At every turn in the past ten years, it has been the dedication of the members of this Local which has encouraged me to give back and I hope to continue my service to our organization as an Executive-at-Large.

Faithfully,

Will
